DETAILED ACTION

Response to Amendment

The amendment filed 01/13/2006 was entered.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with **Donald C. Lucas** on January 26, 2006.

The application has been amended as follows:

With regards to claim 1, replace "*a lower layer of the plural layers being a layer of carbon fiber.*" with "*the support is comprised of a polyimide layer, a carbon fiber plate layer and a polyimide layer in that order.*"

With regards to claim 11, replace "*a lower layer of the plural layers being a layer of carbon fiber.*" with "*the support is comprised of a polyimide layer, a carbon fiber plate layer and a polyimide layer in that order.*"

Claims 7, 8, 10, 17, 18 and 20 are all cancelled.

Allowable Subject Matter

Claims 1-5, 11-15, 21 and 22 are allowed.

Applicant's arguments, see *Remarks*, filed 01/13/2006, with respect to pages 12 -14 have been fully considered and are persuasive. The rejection of claims 1 and 11 has been withdrawn.

The following is an examiner's statement of reasons for allowance:

With regards to claim 1 and 11, the prior art of record fails to disclose or suggest a radiation image conversion panel comprising a support with a polyimide layer, a carbon fiber plate layer and a polyimide layer in that specific order in combination with the rest of the claim limitations. As such, applicant's discloser provides a novel and nonobvious improvement over the prior art. Accordingly, claims 2-4, 12-15, 21 and 22 are allowable by virtue of their dependencies.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
